There were no Bylaws or Policies for approval for the month of April.

Mr. Sellers, treasurer, presented the Treasurer’s Report. At $57.6 million, cash disbursements are below the average monthly disbursement amount of $64.6 million. The decrease is primarily due to higher than expected cash disbursements in January and February. In January a $3 million transfer was made to the Self Insurance Trust Fund and 2 months of IUMG Support Staff payments totaling $2.8 million were paid. Wishard Health Services had three pay periods in
February. Mr. Fehribach made the motion to approve. Mr. Pfeifer seconded the motion. The March Cash Disbursement Report was unanimously approved.

Next, Mr. Sellers gave the Budget Basis Revenue and Expenditure Report. Losses for March 2007 and 2008 are equal. Tax Revenues reflect 3/12 of the annual budget for Health and Hospital Corporation property, LOIT, excise, financial institutions and mental health taxes. Public Health Revenues are over budget by 63.94%. This increase is due to licenses and permits income. Headquarters revenues are under budget by 68.56%. Interest income is down due to lower interest rates and decreased fund balances compared to 2007. Grant Revenues are equal to grant expenditures. Expenditures for Personal services are under budget due to April merit increases. Supplies and Other Charges and Services are over budget. Capital Outlays are under budget. Capital expenditures will increase later in the budget year. Wishard Health Services Support payments are at budget and there were no dollars budgeted for long-term care support in 2008. Mrs. Journey made the motion to approve the report. Mr. Pfeifer seconded the motion. The Budget Basis Revenue and Expenditure Report was unanimously approved.
